Subject: Requested Product Information

Products:

- Cacao XP Powder

We herewith confirm, that the above-mentioned product is manufactured according to the raw food criteria. This means specifically that we do not apply and prevent temperatures of more than 45°C for this product. The product control is starting already at the warehouse for the incoming beans, which is close to the fields, and is covering the whole process from there on.

The strict quality control, including the selection of high quality beans and a slow and careful production process are the basis of our Cacao XP Powder, its unique taste and aroma and the exceptional high nutritional profile.

Best regards,
